👤 PROFILE

Skilled and innovative Software Engineer with more than 2 years of experience in ReactJS, Angular, NextJS, JavaScript, TypeScript, HTML5, CSS, Redux, Bootstrap, and TailwindCSS. Seeking a Software Engineer position to develop exceptional applications, contribute to architectural decisions, and ensure an enjoyable customer experience.

💼 PROFESSIONAL EXPERIENCE

Devslane

07/2021 – present | Software Engineer

- 2-3 years of hands-on experience in the specified technology.
- Proficiency in JavaScript MVC, SASS/Less, and DOM manipulation.
- Solid experience with popular React.js workflows (redux-saga).
- Expertise in UI Build Frameworks (NPM) and JS Testing Frameworks.
- Known for engineering cross-browser and cross-device compliant code for user interface development.
- Familiarity with newer specifications of EcmaScript.
- Proficient in analyzing and reviewing project requirements and delivering design documents within schedule.
- Demonstrated ability in developing, modifying, and reviewing code, ensuring alignment with design specifications.
- Experienced in crafting unit test plans, test cases, and test data, and conducting thorough unit testing while meticulously documenting results.
- Provided invaluable support for testing efforts, ensuring the quality of deliverables.
- Cultivated a congenial work environment and actively engaged in technical mentoring.
- Made significant contributions to knowledge management initiatives.

🧠 SKILLS & PROGRAMMING LANGUAGES

ReactJs | NextJs | Angular | Javascript | Typescript | Redux | Akita | html | CSS/SASS

Tailwind | Angular material / MaterialUI | REST API | JEST | Problem solving | Postman | Git

Github/bitbucket | JIRA | Agile | UI | Systems analysis | Decision making | Test

🧩 ADDITIONAL SKILLS

- Strong analytical and problem-solving abilities, leading to effective solutions in challenging scenarios.
- Proficient in collaborating with cross-functional teams and working in an Agile development environment.
- Solid understanding of software development best practices and version control systems (Git).
- Continuous learner with a passion for staying up-to-date with the latest technologies and industry trends.
